FABRIC & METAL AWNINGS - CANOPIES - SHADE STRUCTURES - BANNERS

Capitol Awning Company was established in 1947, since then we have become a leader in the awning and architectural fabric industry. We have serviced the New York and Northeast market for over 60 years. A solid foundation has been built on our clientele and installations.

Our beginnings were in the backyard roller awnings and window shades business, now we specialize in awnings and canopies, banners, digital printing, shade structures, Mapes systems, retractable awnings, custom fabric structures, custom signs, and truck lettering.

Today, we serve national franchises, hospitals, stadiums, and some of the biggest names in retail. From Dunkin Donuts to the new Yankee Stadium to Saks Fifth Avenue and Rockefeller Center.

DESIGN - ENGINEERING - FABRICATION - INSTALLATION

Left: Waldorf Towers Entrance Right: Bloomingdales, NYC

Capitol provides professional installation services throughout New York and its surrounding areas. Our professionalism and experience allow us to install a vast array of fabric products. Capitol's installation crews are powered by state-of-the-art equipment and training to install all the products we manufacture. In addition, we work in conjunction with other equipment suppliers to coordinate all aspects of the installation process.

GRAPHIC DESIGN

Left: Nick & Stef's Steakhouse, Madison Square Garden, NYC Right: Dunkin' Donuts Panels

We use state of the art computer technology and digital imaging to guarantee the reproduction or creation of logos, lettering, etc. *Any Image Anywhere!*

Not sure about color, graphic size or installation placement? We can produce a photo rendering that will show the finished awning over your store front.

METAL & PLASTIC CANOPIES

Above: CPI Entrance Canopy

Mapes Architectural Canopies are all metal, aluminum, hanger rod suspended canopies designed for entrances, shopping centers, loading docks and walkways. Their Super Lumideck and Lumishade all weather canopies can be used in any critical high load environment that requires strength and long lasting durability. These units are available in a wide range of Powder Coated and Kynar finishes.

Polycarbonate translucent panels can be offered to compliment any custom or standard system for a variety of applications. This includes color style, light transmission levels, insulation and thermal performance. Our polycarbonate canopies deliver a complete day lighting solution to enhance any architectural design.

SPECIALTY & CUSTOM WORK

Left: Mojitos Restaurant Right: Morimoto Restaurant (Iron Chef) Noren Curtian

Do you have a dream project or an idea for a creation that can't be purchased on the open market? Capitol Awning has decades of experience working with individuals like you who's vision extends beyond the average. We've built custom pieces ranging from internally illuminated indoor blimps, to the worlds largest Noren Curtian for Iron Chef's Masaharu Morimoto. We have worked with the Metropolitan Museum of Art, and you can see our work on the big screen in movies across the country. Let us help you take the next step by turning your concept into a reality.
